SAWSJPB members,

Staff had anticipated that we would have a presentation on the Watershed Control Program and a Water Service Line Warrantee Agreement ready for the next meeting. However, we learned that EPA will not have their review of the WCP done for 30 days and the service line warrantee provider has not yet provided with a satisfactory draft agreement. Therefore, since there is no other new business, Chairman Heath has asked that we cancel the October 8, 2014 SAWSJPB meeting and pay interim bills.

This will also mean that there is no need for the SAWSJPB Briefing and Agenda Setting Session currently scheduled for Wednesday, October 1, 2014. Please clear that session from your calendars.

As you may know, Nikole Velikaneye has taken another position. Angie Burton will be moving from the Sheridan County Clerk's Office to the Public Works Department and will assist in the administration of SAWSJPB.

If there are any questions, please contact me. Thank you. Dan Coughlin, SAWSJPB Project Manager
